

ARUN KUMAR

B.Tech Information Technology | Software Developer | Full-Stack Developer | DSA

[kumarun415@gmail.com] | +91-8737940612 | Uttar Pradesh, India

LinkedIn | GitHub | Portfolio | LeetCode | GeeksforGeeks

Professional Summary

B.Tech Information Technology student with practical experience in software and full-stack web development using Java, JavaScript, React, Node.js, Express.js, and MongoDB. Strong foundation in Data Structures and Algorithms with hands-on problem solving and experience building real-world web applications, including a real-time video communication platform and a responsive developer portfolio.

Education

Bachelor of Technology (B.Tech) – Information Technology

R.R. Institute of Modern Technology

Affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow | CGPA: **8.46/10**

2023 – Present

Lucknow, Uttar Pradesh

Technical Skills

Programming Languages: Java, Python, JavaScript, HTML, CSS, SQL

Frontend: React.js, Vite, HTML5, CSS3, JavaScript

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, MySQL

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

Tools: Git, GitHub, VS Code, npm, Postman, MongoDB Atlas

Projects

MeetVerse – Real-Time Video Calling Application

JavaScript, WebRTC, Real-Time Communication

2026

GitHub

- Developed a real-time video communication application for virtual meetings and online collaboration.
- Implemented real-time audio and video communication using WebRTC with an interactive meeting experience.
- Designed user flows for creating and joining meeting sessions with a responsive interface.

Personal Portfolio Website

React.js, Vite, JavaScript, CSS

GitHub | Live Demo

- Built a responsive React-based portfolio to showcase technical skills, projects, achievements, and professional information.
- Developed reusable components and a modern responsive interface for consistent presentation across devices.
- Deployed the application as a live website and integrated GitHub repositories for project access.

HTML WebPage

HTML, CSS

2026

GitHub

- Created a structured web interface using HTML and CSS with emphasis on layout, styling, and clean presentation.
- Applied frontend fundamentals to organize content and develop a functional web page.

Training & Development

Java Programming Training – Java Intershala

Java, Core Java, Object-Oriented Programming, Problem Solving

- Practiced Java fundamentals and Object-Oriented Programming concepts through practical coding exercises.
- Applied Java programming concepts to strengthen logical thinking and problem-solving skills.

TrainX Impact Training Program

Data Structures & Algorithms – Intermediate Level

3 Months

- Completed structured training in Data Structures and Algorithms with emphasis on efficient problem-solving.
- Practiced arrays, strings, linked lists, stacks, queues, trees, recursion, backtracking, searching, and sorting.
- Applied time and space complexity analysis to evaluate and improve algorithm efficiency.

DSA & Achievements

- Solved **300+ coding problems on LeetCode**, strengthening Data Structures, Algorithms, and problem-solving skills.
- Practiced arrays, strings, recursion, backtracking, sorting, searching, trees, graphs, and dynamic programming.
- Coding profiles: LeetCode | GeeksforGeeks

Additional Information

Interests: Software Development, Full-Stack Development, Data Structures & Algorithms, Problem Solving, Generative AI

Languages: Hindi, English
